MESSAGE

I am glad to note that National Youth Convention on Attracting and Retaining Youth in Agriculture (ARYA) is being jointly organized by Indian Council of Agricultural Research (ICAR) and All India Agricultural Students Association on 27th January, 2016 at NASC Complex, New Delhi.

Agriculture has become unprofitable enterprise of small and marginal farmers. This sector not only needs integrated approach but certain structural reforms to deal with farm crises. Our country so heavily depends on agriculture cannot develop without making agriculture profitable. The developments of other sectors also depend on agriculture progress. In order to make agriculture remunerative enterprises, production and productivity both have to be increased, challenges of markets have to be addressed and the process of reforms needs to be carried out in the agriculture system. My Ministry has taken several steps such as soil health cards scheme in mission mode, establishment of new KVKs, new Central Agriculture Universities and launching of ICAR Scheme of Attracting and Retaining Youth in Agriculture (ARYA). ICAR has vast network in the country and doing commendable work in research, education and extension. I am sure the involvement of youth through joint efforts of ICAR & AIASA couple with reforms in agriculture system including creation of organized cadre of Indian Agriculture Service will help to overcome the present crises in agriculture and it would lead to enhance production and productivity of agriculture production and will make the agriculture profitable enterprise.

ICAR and AIASA invited me to address the Convocation. I extend by good wishes to the organizer of this convention and hope it will be grand success.

(Radha Mohan Singh)

MESSAGE

It is a matter of great pleasure to learn that a compendium of students Cabinets "AIASA Cabinet 2016" will be released on the occasion of National Youth Convention on Attracting and Retaining Youth in Agriculture (ARYA) on 27th January jointly organized by Indian Council of Agriculture Research (ICAR) & All India Agriculture Students Association (AIASA) at NASC Complex, New Delhi.

I appreciate the efforts of ICAR for jointly organizing the convention with AIASA. I look forward to this convention to deliberate on issues of techno-administrative reforms including feasibility of creation of an all India cadre of Indian Agriculture Service, reforms in agriculture education, entrepreneurship development, institutional linkages with industry for betterment of agriculture professionals and farming communities for employment generation and enhancement of agriculture production and productivity.

I wish a grand success of the convention and congratulate to the new cabinet of AIASA for the year 2016.

Message

It gives me great pleasure to learn that a compendium of students' cabinet "AIASA Cabinet 2016" will be released on the occasion of National Youth Convention on Attracting and Retaining Youth in Agriculture (ARYA) on January 23, 2016 jointly organised by Indian Council of Agricultural Research (ICAR) and All India Agricultural Students Association (AIASA) at NASC Complex, New Delhi.

I appreciate the initiation of ICAR for jointly organising the convention with AIASA. I look forward to this convention to deliberate on issues of techno-administrative reforms including creation of All India Cadre of Indian Agriculture Service, reforms in agricultural education, entrepreneurship development and in building institutional linkages with industry for the betterment of agriculture professionals and farming communities for employment generation and enhancement of production and productivity. The Convention could prove to be a milestone for attracting the Indian youth into agriculture which would ultimately lead to establishment of agripreneurship in different sectors of agriculture in the country which is urgently required for fulfilling the "Make in India" programme of the Hon'ble Prime Minister of India.

I wish the conference a great success and congratulate the new cabinet of AIASA for the Year 2016.

MESSAGE

All India Agricultural Students Association (AIASA) is a unique association where all those who are related to agricultural research, education, extension, policies and farmers are active members. It would be one of the biggest organizations of the individuals who are dealing with a novel profession like agriculture. For them, agriculture is not only a profession but passion for dedicating themselves to the nation building. All of us start our day with morning breakfast and end it with the dinner without knowing the facts that the foods which we are consuming have been produced by the hardworking and dedicated farmers (*Ann Data*), working in scorching heat and biting cold. Therefore, we need to discuss those issues which bother them on daily basis and try to provide them best solutions. In India, farming is now one of the least preferred professions, in spite of the fact that more than 60% of the Indian population is dependent on agriculture for their livelihood. Though we are self-sufficient in food grain production, still we are unable to feed millions of hungry mouths. Agriculture has become very challenging and unpredictable profession because of the global climate change, increased input cost, depleting farm labour and decreasing interests of youth in this profession. Therefore, the topic of National Youth Convention on “*Attracting and Retaining Youth in Agriculture (ARYA)*” is a very timely effort. I would like to congratulate the organizers for selecting such an important issue for the convention.

I am very happy to know that “AIASA Cabinet 2016”, which is a compendium of the student Cabinet is being released during the ICAR-AIASA convention on January 27, 2016 in New Delhi. I am sure topical issues such as All India Cadre of Agricultural Services, reforms in agricultural education system, creating Agri-incubators, promoting Agri-entrepreneur, startups and developing industrial linkages, locally and globally etc. will be deliberated during the convention while keeping focus on the farming community and young agricultural professionals.

I extend my best wishes to the new Cabinet and wish a grand success for the youth convention.

National President

All India Agricultural Students Association
New Delhi

Preface

This compendium is giving the details of activities and strength of All India Agricultural Students Association (AIASA) during the year 2015 and the new team of AIASA for the year 2016. The document reflects the new integrated approach system that ensures compliance with the hemispheric, regional and national work plan for betterment of agriculture and agriculturists.

India, to provide food security, employment and livelihood support in the 21st century would require a very significant contribution of Techno-Administrative Agricultural support mechanism. Operational efficiency of the agricultural sector needs to be revitalized by altering the technological and human skills utilized in it. There is a need to make agriculture a profitable enterprise for the farmers. For all these to happen, attracting and retaining youth in agriculture is the need of the hour.

It needs increased attention towards farming as profession in youths, which comprise more than 60% of the total population. To deal with all these issues, AIASA has been advocating equality of agricultural and allied disciplines with other existing technical courses.

This publication has been made possible by the cooperation and support of the members of the organization at various levels. We hope that this compendium will be helpful to understand the organizational set up of AIASA, its objectives and mission/vision for undertaking and supporting the activities of AIASA for betterment of agriculture students/professionals in particular and the agriculturists in general. We need to march ahead with even more support, encouragement and your valuable advice in the favour of entire agriculture fraternity.

Jai Jawan Jai Kisan Jai Vigyan!

Sudhir Kumar

About AIASA	xi
AIASA Organogram	xiii
AIASA Cabinet – 2015	xvi
AIASA Cabinet/Governing Board 2016	1
AIASA Spreading its Wings	

About Us ...

AIASA is a professional organization of present and former students in the field of Agriculture, Veterinary, Dairy, and horticulture, fisheries, forestry, Home science, sericulture, ABM and other allied sciences, registered under Societies Registration Act 1860.

The Association was formally launched on 10th May, 2011 by the then Hon'ble Union Minister of State for Agriculture during the All India Convention on Agricultural Administrative Reforms and the website was launched by the Hon'ble Union Minister of Agriculture on the occasion of 87th ICAR Foundation Day on 25th-26th July, 2015 at Patna, Bihar. The Society was registered on 1st Dec 2011 under the Societies Registration Act 1860, with the approval of Ministry of Agriculture, ICAR and Ministry of Consumer Affairs. Down the course of time, the drift between the technical work force and bureaucracy has increased abysmally harming the cause of farming sector and farmers at the national and state level. Policy making in agriculture has been largely limited to subsidies and loan disbursement, with negligible component of science in it. AIASA envisions a common platform where Agriculturists/technocrats and Bureaucrats will work together for the Indian agriculture— with a “right person at right place” mode, to promote more application of science which is often left back. AIASA is established with the prime motto to bridge the drift and strengthen the voice of the agriculturalists, veterinarians, fishery experts and personnel of all allied fields at states, national and international levels.

AIASA advocates for resolving the long pending issues of creation of the All India Cadre of “Indian Agriculture Service” for appointment of right person at the right place and grant of professional status to agriculture sector at par with other professions for better job opportunities and career advancement of the personnel serving the primary sector.

Aims and Objectives

- To promote National Integration, Patriotism, Communal Harmony with the development of leadership among members.
- To facilitate and foster the bond between the students & professionals (Teachers, Scientists, Technical officials and Farmers/entrepreneurs).
- Professional status to Agriculture sector and to establish Agriculture Council of India (ACI) with need based administrative reforms.
- Creation of Central/Indian Agriculture Services.
- Granting UPSC status to ASRB for recruitment under Indian Agriculture Services.
- To make efforts for improving the job opportunities by having specialized cadre for agriculture services in center & state.
- Introduction of Agriculture course in CBSE, ICSE and state boards at school levels.
- Granting Fellowship to Agricos on par with UGC, CSIR, DST etc. fellowships.
- To represent the students in the national and international policy making body.

- To eradicate bureaucratic interference and corruption at all the levels and strive for introducing transparent system.
- To find out immediate solution for all problems which may jeopardize the common interest of the members by meeting, discussion and other democratic ways to the concerned authorities and act as a communicator to authorities/govt.
- Attracting and retaining youth in agriculture.
- To make efforts for advancement of agricultural research, education, extension, agricultural trade and development activities and other policy issues for promoting sustainable production and productivity including conservation & judicious use of natural resources.
- To make effort and convince the higher authority for restructuring the entire agricultural administrative system/set up at par with other professions, which remain as it was since its inception in the pre Independence era.

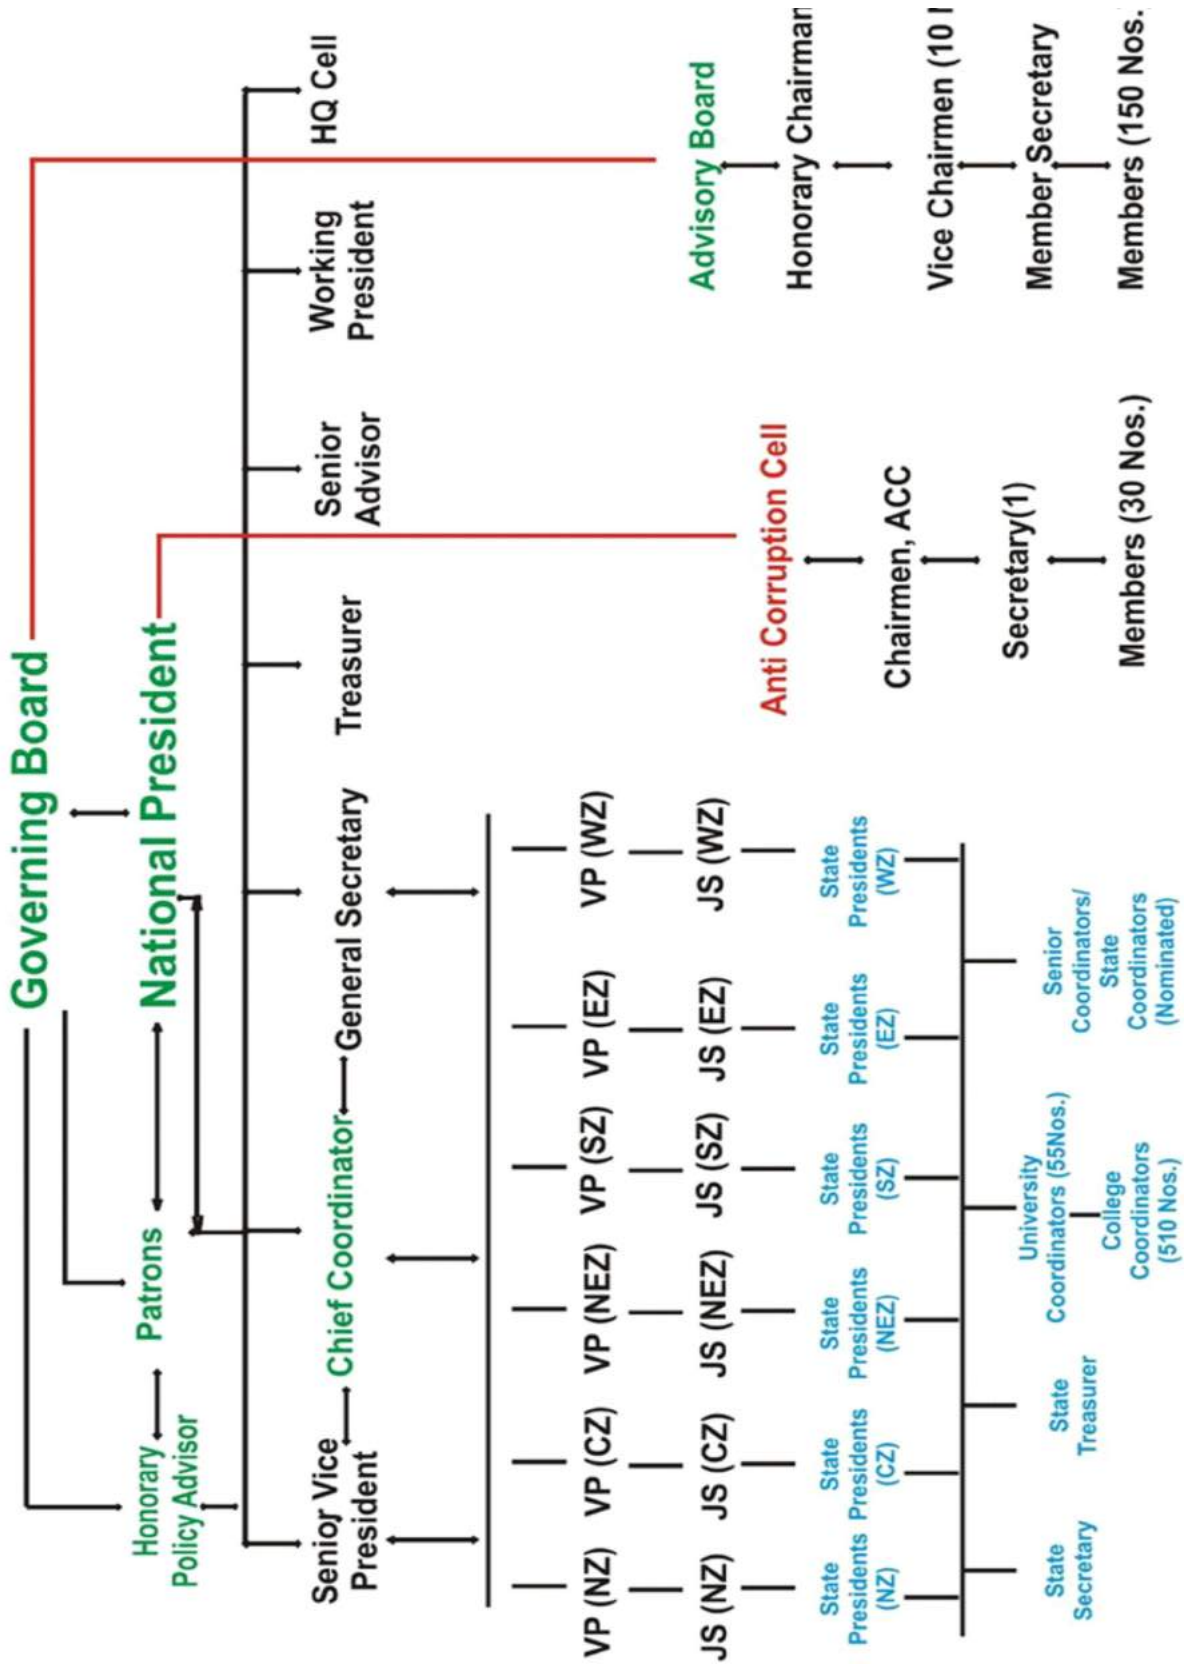

Mission

Empowering youth in agriculture for development of agriculture and the nation.

Vision

To foster the bond between agricultural students & professionals and to raise the voice for techno-administrative agriculture reforms including creation of Indian Agricultural Services and advancement in agriculture by involvement of agriculturists in policy formulation and implementation.

AIASA Cabinet/Governing Board 2016

No. 4-4/AIASA/2015

Dated: 23.12.2015

Notification

In pursuance of the communication no. 4-4/AIASA/2015 dated 31.10.2015, the returning Officer invited nominations for conducting elections for various office bearers of Governing Body of the Association (AIASA) as per details given in clause 9(i) of the constitution of AIASA, for the year 2016. The last date of receipt of nominations was kept 27.11.2015 and withdrawal date 1.12.2015. Out of 730 nominations received upto last date of submission of nominations, 640 nominations were found eligible for various posts and 80 nominations for college coordinators posts have not been considered as these posts may be filled up in due course of time. Based on scrutiny of nominations forms received in the office of Returning Officer and availability of sanctioned posts, there is no requirement for holding the elections. Accordingly, the following persons are hereby declared as elected Governing Body Members/Cabinet Members of AIASA of the year 2016 (01.01.2016 to 31.12.2016):

AIASA Spreading its Wings

In the last 3 years AIASA has spread its branches to all over India by continuous efforts of its eminent members for the welfare and betterment of Agricos. Workshop on 'Career Opportunities and Agricultural Administrative Reforms in India' was organized by AIASA at different universities/ institutions across the country.

AIASA at 17th Agriculture Scientists and Farmers Congress

17th Agriculture scientists and farmers congress was organized by Bioved Research Society at Allahabad on 21-22 Feb 2015. Scientists, students and farmers from different parts of India attended the National Seminar.
